Our vision is - Shropshire living the best life.

Shropshire Council is a unitary authority which serves the rural county of Shropshire. One of the most important things about working here is the knowledge that you're working to help others and the real sense of achievement and purpose that brings.

The people of Shropshire are rightly proud of their county's assets, its natural beauty, its history, its diverse economy, its vibrant culture.

About the role

The main purpose of this position is to provide Shropshire Council countywide residents aged 18 and over, an intensive short-term, person-centred, strengths-based package of care that promotes and maximises independence and wellbeing.

Irrespective of diagnosis, reablement practitioners are to assist people to regain and retain skills to continue to live as they wish. The multi-skilled practitioners are to enable the individual to perform acts of daily living like, self-care, cooking, washing, dressing, administering medication and mobilising about the home. By encouraging the promotion of self-care skills

START is Shropshire Council's inhouse domiciliary care provider which supports people to regain lost skills, learn new ones, and generally increase their ability and independence. The service is available 365 days a year.

START work with people, in their own home utilising a person centred, strength and asset-based approach. START provides several services

START Reablement

The START reablement approach supports people to do things for themselves. It is a 'doing with' service, in contrast to traditional home care which tends to be a 'doing for' service. START Reablement services help people to retain or regain their skills and confidence so they can learn to manage again after a period of illness.

Rapid Response

This service aims to avoid unnecessary hospital admissions and safely support people in their own home. This a joint partnership between Shropshire Community Health Trust and Shropshire Council. Nurses, care coordinators and support workers, across both organisations work together to ensure a seamless service that provides a rapid assessment, treatment, and care program of support to stabilise and support people during an acute episode of ill health.

Admission Avoidance

This service within START, aims to avoid unnecessary hospital admissions. Short term support will be arranged after a person becomes suddenly ill, preventing the person going into hospital whilst they are supported to regain independence.

Bridging Service

START, supports people to be safely discharged from hospital whilst they are awaiting their previous care provider to restart their existing package of care to facilitate hospital discharges.

Domiciliary Service

This service supports people with a short-term package of care whilst they are awaiting their long-term provider to be identified package of care.
